Re:

European Union Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS) - Restriction on use of: lead, mercury, hexavalent chromium, polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE) flame retardants (Pentabromodiphenylether and Octabromodiphenylether) at levels of greater than 0.1% and cadmium at levels greater than 0.01% and PolyOne Product:

Product Description

ES-30GF/000 BLACK

PolyOne Product Number

EM0090465260

This letter is in response to your request for information regarding RoHS restricted substances and the above PolyOne product. The following statements are in support of your request.

We have completed an evaluation of the above product's formulation and the materials handling and processing procedures used to produce it. Based on the information provided to PolyOne by its raw material suppliers and our review, we have found that the above PolyOne product does not contain any RoHS restricted substances above the listed concentrations and would therefore be in compliance with the European RoHS Regulation.

Sincerely,
Barbara Kantola
Product Stewardship Manager
